# Memorandum of Understanding (MOU) between Ramjee (Degree) Mahavidyalaya, Bhismagiri, Ganjam & S. K. Roy College, Katlicherra Hailakandi, Assam for Academic Collaboration .

## Introduction:

One of the important core missions of the B-schools is to prepare the students to meet the contemporary business challenges and compete in the global economy. To achieve this, students are required to draw advantage from the best resources available in the institutions. In this context, it is felt necessary to develop academic collaboration between universities and institutions. Academic collaboration programs between the universities and institutions are aimed at meeting the rapidly growing educational needs by leveraging mutual capabilities. These collaboration programs contribute to that goal by giving students and faculty members a higher perspective and better exposure in the area of management education.

With this backdrop, Ramjee (Degree) Mahavidyalaya, Bhismagiri, Ganjam agrees to enter in to an MOU with S. K. Roy College, Katlicherra Hailakandi, Assam and the same will cover the following:

### 1. Exchange of teaching assignments:

There will be faculty exchange between two institutions. The faculty members will prepare necessary lesson plans and incorporate pedagogical tools and other inputs like case studies, Industrial Experiences etc., which will be discussed in the faculty councils of other institute before commencement of the sessions. The session plan will be finalized and the same will be approved by respective HOD/ Dean/Director/Principal. Besides, the faculty members of the partner institutions will share teaching assignments depending upon the requirements.

### 2. Research and Consultancy Collaboration:

Faculty members of both the institutions will collaborate for joint research programs and apply for approval of projects under various schemes offered by the central and state government. The resources will be shared between the two institutions and will aim at developing qualitative and quantitative research works. It will be a rich learning experience for the faculty members and go a long way in enhancing their proficiency in research. It will also be of immense benefit for the industries in addressing their day today issues.

# Internal Quality Assurance Cell

01

As per the UGC guideline during 12th plan period the function of Internal Quality Assurance Cell (IQAC) in higher education is mandatory. In pursuance of its Action Plan for performance evaluation, assessment and accreditation and quality improvement of institutions of higher education, the National Assessment & Accreditation Council (NAAC) proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality assurance measure. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system and work towards realization of the goals of quality enhancement and sustenance. In fact it is treated as a necessity to build and ensure Quality Culture at the Institutional level. So every college should have an IQAC cell with appropriate structure and process to meet the diverse needs of the stakeholders.

The prime task of the IQAC is to develop a system for continuous, consistent and catalytic improvement in the overall performance of institutions. For this during the post-accreditation period, it will channelize and systemize all efforts and measures of the institution towards promoting its holistic academic and administrative excellence. It has the potential to become a vehicle for ushering in quality enhancement by working out planned intervention strategies to remove deficiencies and enhance quality like the "Quality Circles" in industries.

So considering the granting and necessity of the IQAC the Principal decided to call a meeting of general body to form a cell exclusively for our college to ensure and maintain quality in all spheres of activities.

Try to provide digital library.

Our library having books of different authors which attracts to refer more as well as reading .we need some more extended and fast connectivity in the field of internet.

Wifi connection

The institution provides good library and internet facility

There is needs some innovative improvements in these fields

Very Good

Library well developed, still need some development..internet facility need more speed..

Best
